

TWISTED™

CABERNET SAUVIGNON 2014 CALIFORNIA

Growing Season

In 2014, California experienced its third straight year of outstanding quality. The winter months were recorded as some of the driest in recent years, but light rain showers in early spring provided a solid foundation for bud break and fruit set. Warm and rain-free, the dry conditions throughout the rest of the growing season produced smaller berries than usual, resulting in concentrated flavors, bright aromatics and balanced acidity.

Tasting Notes

Twisted 2014 Cabernet Sauvignon has concentrated aromas of blackberry and black cherry with underlying notes of violet and black peppercorn. Showcasing plush tannins and flavors of boysenberry jam are complemented by a hint of earth and spice on the finish.

Enjoy this wine with spaghetti Bolognese, portabella mushroom burgers or a juicy barbecued steak.

Technical Information

Appellation:	California
